

Introducing the Kenya NMR Center (KNMRC) *a national chemical structure solution provider*

The University of Nairobi (UoN) is glad to unveil the Kenya National NMR Center (KNMRC), at the Department of Chemistry, Chiromo Campus. The facility is supported by an NRF Kenya infrastructure grant awarded to UoN. On the occasion we will introduce to you the Center in partnership with Vision Scientific and Engineering Kenya, and Magritek GmbH, Germany.

Date: 12th August 2021, 10:00 – 13:00, Online

[Click here to register](#)

10:00 - 10:10	Introduction
10:10 - 10:30	Opening Remarks- UoN, NRF and Vice Chancellor, University of Nairobi. UoN DEPARTMENT OF CHEMISTRY (uonbi.ac.ke)
10:30 - 11:15	Kenya National NMR Center – Concept, Features, Benefits and Facilities at UoN, KNMRC team
11:15 - 11:25	Lab Solutions, Vision Scientific and Engineering, Kenya
11:25 - 12:15	Benchtop NMR Solutions and Applications, Magritek, Germany
12:15 - 12:30	Engineering Resonance Spectroscopy for Quantitative Analysis, Dr. Baudouin Dillmann , Adjunct Professor at Strathmore University.
12:30 - 13:00	Discussion and way forward, all participants
13.00	Closing remarks

Facilitators:

KNMRC Team

Prof. J. Onyari, Prof. A. Yenesew, Dr. A. Ndakala, Mr. C. Mirikau and Dr. S. Derese

Vision Scientific

Mr. Samuel David Oduor – Technical Director

Magritek GmbH

Mr. Harald Todt
