Webinar: Career Opportunities in the Geothermal Sector

Date: 27.04.2021

Free to Attend Event

Time 10.00am to 1.00pm

Open to University / TVET students with an interest in the geothermal sector. Please feel free to circulate among your networks.

This webinar will offer an overview of what geothermal is and the disciplines involved in the development of the geothermal resources. A representative of the academia shall highlight the role of academic institutions in career development and equipping the industry with the required skills. There shall be a comprehensive deliberation on the career opportunities including internships and attachments within the sector. In addition, presenters will offer ideas on geothermal related coursework/thesis and recommendations based on current industry needs. Finally, GAK shall present about the role of the Association in developing professionals in the geothermal sector highlighting the GAK Mentorship and Attachment Program. You may register for the webinar through:

<https://us02web.zoom.us/meeting/register/tZ0rfu-vqj4oGtZhZyV3yHgc5vNlkRFZArbg>

After registering, you will receive a confirmation email containing information about joining the meeting.
