2nd Call

THEME:

Inorganic Chemistry for Sustainable Development

Introduction

Following the success of the 2nd International Inorganic Chemistry Conference in 2020, we hereby announce the 3rd International Inorganic Chemistry Conference that will be held virtually on 29th – 30th September 2022, at the University of Nairobi, Kenya. The Conference which will focus on Inorganic Chemistry for sustainable development, is jointly being organized by the Department of Chemistry, University of Nairobi and the International Science Programme of Uppsala University, Sweden.

Participants

The Scientific Conference is targeting graduate students, academics, researchers, policy makers and development partners.

Call for Abstracts

We invite abstracts which must be in English, typed in 12 point Times Roman with single line spacing. The abstract should not be more than 300 words and must be a Microsoft Office Word file (.doc, .docx). It should include names of authors, affiliations, keywords and email of corresponding author. Abstracts should be submitted to odhiambor@uonbi.ac.ke

Important Dates

- i) Deadline for submission of abstract – 31 st Aug 2022
- ii) Deadline for notification of acceptance – 5th Sept 2022
- iii) Deadline for registration – 15 th sept 2022
- iv) Deadline for paper submission - 25 th Sept 2022

Original work will be published in the Africa Journal of Physical Sciences (AJPS) upon meeting the conditions of the journal

Registration

Registration fees - USD 5 for students & USD 10 for others
Conference participants need to register through the link provided: <https://forms.gle/PJEmwNdETKTZfrro6>

Local Organising Committee

Keynote Speaker

- i) **Professor Catherine Ngila**
African Academy of Sciences

Plenary Speakers

- i) **Professor Martin Onani**
University of Western Cape (SA)
- ii) **Professor Sir Richard Catlow. W,**
University College London

Thematic Areas

The conference will cover the following topics:

- 1) Bio-inorganic Chemistry and Applications
- 2) Applied Catalysis for a Sustainable Chemical Industry
- 3) Environmental Pollution and Remediation
- 4) Theoretical Chemistry
- 5) Renewable Energy Production and Storage
- 6) Nanochemistry and Application of Nanomaterials
- 7) Frontiers in Analytical Chemistry

International Advisors

Prof Catherine Ngila, Acting Executive Director of AAS. Prof Martin Onani University of Western Cape, South Africa. Prof Peter Sundin, International Science Programme (ISP), Sweden. Dr Aviti John Mmochi, Institute of Marine Sciences, University of Dar es Salaam, Tanzania.
