

UNIVERSITY OF NAIROBI

International Workshop on Sustainable Chemical Approaches for Environment and Health Sensing Technologies

Workshop Description

The organizing committee invites submissions for a 2-days workshop to be held on 12th – 13th May 2026 at the Department of Chemistry, University of Nairobi. The workshop aims to showcase advancement in research, foster both international and interdisciplinary collaboration and strengthen capacity in all aspects of green chemistry for environmental and health sensing, and sustainable energy. This workshop will involve: Key note presentations, progress in research findings and discussion sessions.

Dates

May 12th – 13th 2026

Location/Venue

Department of Chemistry,
Faculty of Science and
Technology, University of
Nairobi – SPS Boardroom

Format

Blended

Topics

- (1) Novel approaches for environmental sensing
- (2) Cutting edge devices for health sensing
- (3) Green chemistry and sustainability for energy and environment

Important Dates and Information

Workshop participation	Free
Workshop Registration	Mandatory (Link)
Registration of participants	April 15 th 2026
Email address for enquiries	workshopchemuon@uonbi.ac.ke
